Press release.

BOWOOD CELEBRATES TOP TOURISM AWARD.

BOWOOD Golf & Country Club is celebrating after its **Queenwood Lodge** was rated as one of the best places offering guest accommodation in the UK and awarded a prestigious national award.

Queenwood has been awarded the **Quality in Tourism five star gold award** by the national tourism body, Visit Britain.

Queenwood becomes only the third property in Wiltshire to win the top national rating of quality which is awarded to around just two per cent of places offering guest accommodation in the United Kingdom.

The lodge, which sleeps eight people and is run by married couple Karen & Chris Dawson, was assessed on everything from the quality of housekeeping and hospitality to the standard of the bedrooms, bathrooms and full English breakfast.

Announcing the award, Visit Britain said: "Queenwood Golf Lodge is a unique style property that is not normally seen within the realms of the guest accommodation scheme. Located in the heart of the prestigious Bowood golf course it offers guests a private accommodation with a high level of personal service."

Inspectors from Visit Britain rated Queenwood as excellent for cleanliness; its lounge and dining room; hospitality; grounds and garden; decoration; quality of the furniture, fittings and food. They also commended Queenwood for its use of organic produce and Wiltshire sausages.

Karen and Chris pride themselves on using, as far as possible, top quality local produce which was praised by the inspectors.
